

Fun Fiddle & Puppetry Summer Camp!

regina@spectrumpuppets.com

ms.megan@stringpresence.com

Celebrating the lively arts, join us for a week long camp where your child will make music, build puppets and bring the two together for a live performance!!! Each child will learn fiddling (beginner and intermediate) from eminent violinist, Megan Jenifer and puppet making from Emmy Award winning master puppeteer, Regina Marscheider.

Held at Spectrum Puppets' fabulous puppet studio, the camp will include the making and manipulation of marionettes and basic fiddling techniques with multi-cultural fiddling styles. The children will leave with a great musical experience, their very own marionette and memories of a week of fun and new friends. **Light refreshments will be served after the performance*
